Report on Review of Interim Financial Information

The Board of Directors
Al-Sagr National Insurance Company
(Public Shareholding Company)
Dubai- United Arab Emirates

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of Al-Sagr National Insurance Company (a Public Shareholding Company) - Dubai, United Arab Emirates (the "Company") and its subsidiary (collectively "the Group") as at 30 June 2011 and the related condensed consolidated statements of income, comprehensive income, changes in equity and cash flows for the six months period then ended and accompanying notes. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard No. 34 - Interim Financial Reporting ("IAS 34"). Our responsibility is to express a conclusion on this interim financial information based on our review.

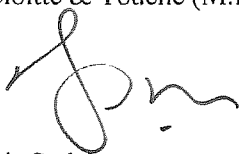

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards of Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34.

**Notes to the condensed consolidated financial statements
For the period from 1 January 2011 to 30 June 2011**

1. General information

Al-Sagr National Insurance Company, Dubai (the “Company”) was incorporated on December 25, 1979 as a public shareholding company by an Emiri Decree from His Highness, The Ruler of Dubai, and is registered with the Ministry of Economy of the United Arab Emirates under registration No. (16). The Company’s address in Dubai is P.O. Box 14614, Dubai, U.A.E. The Company is a subsidiary of Gulf General Investment Company (the “Parent Company”), a public company incorporated in U.A.E.

The principal activity of the Company is the writing of insurance of all types. The Company operates through its Head Office in Dubai and its branches in Dubai, Sharjah, Abu Dhabi, Ajman, Ras Al Khaimah and Al Ain in the U.A.E.

The condensed consolidated financial statements incorporate the financial statements of Al Sagr National Insurance Company PSC (the “Company”) and its subsidiary (together the “Group”). Details of the subsidiary are as follows:

<u>Company name</u>	<u>Activity</u>	<u>Country of incorporation</u> %	<u>Ownership held</u> %
Jordan Emirates Insurance Company PSC	Underwriting of insurance of all types	Jordan	84.02%

2. Significant accounting policies

Basis of preparation

These condensed consolidated financial statements have been prepared in accordance with International Accounting Standard (IAS) No. 34 *Interim Financial Reporting*.

These condensed consolidated financial statements are presented in United Arab Emirates Dirhams (AED) since that is the currency of the country in which the Company is domiciled.

The condensed consolidated financial statements have been prepared on the historical cost basis, except for the revaluation of certain financial instruments and certain non-current assets which are stated at their fair value.

The accounting policies adopted methods of computation, critical accounting judgments and key sources of estimation uncertainty are consistent with those followed in the preparation of the Group’s annual consolidated financial statements for the year ended December 31, 2010.

These condensed consolidated financial statements do not include all the information required for full annual consolidated financial statements and should be read in conjunction with the Group’s audited consolidated financial statements as at and for the year ended December 31, 2010. In addition, results for the six-months period ended 30 June 2011 are not necessarily indicative of the results that may be expected for the financial year ending December 31, 2011.

The Group’s insurance and financial risk management objectives and policies are consistent with those disclosed in the audited consolidated financial statements as at and for the year ended December 31, 2010.

Notes to the condensed consolidated financial statements (continued)**For the period from 1 January 2011 to 30 June 2011****2. Significant accounting policies (continued)**

All significant inter group company balances, income and expenses are eliminated on consolidation.

Investment properties

Investment properties, which are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes), are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at fair value. Gains and losses arising from changes in the fair value of investment properties are included in condensed consolidated statement of income in the period in which they arise.

Investments in securities

Investments of the Group are recognized and derecognized on a trade date basis where the purchase or sale of an investment is under a contract whose terms require delivery of the investment within the timeframe established by the market concerned, and are initially measured at fair value, net of transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

Financial assets are classified as at FVTPL where the financial asset is either held for trading or it is designated as at FVTPL.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near future; or
- it is a part of an identified portfolio of financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial asset other than a financial asset held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial asset forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and IAS 39 Financial Instruments: Recognition and Measurement permits the entire combined contract (asset or liability) to be designated as at FVTPL.

Financial assets at FVTPL are stated at fair value, with any resultant gain or loss recognised in condensed consolidated statement of income. The net gain or loss recognised in condensed consolidated statement of income incorporates any dividend or interest earned on the financial asset.

Notes to the condensed consolidated financial statements (continued)
For the period from 1 January 2011 to 30 June 2011

2. Significant accounting policies (continued)

Held-to-maturity investments

Bills of exchange and debentures with fixed or determinable payments and fixed maturity dates that the Group has the positive intent and ability to hold to maturity are classified as held to maturity investments. Held to maturity investments are recorded at amortised cost using the effective interest method less any impairment, with revenue recognized on an effective yield basis.

Available for sale investments

Unlisted shares and listed shares held by the Group are classified as being available for sale (AFS) and are stated at fair value. Gains and losses arising from the changes in the fair value are recognized directly in the equity in the investments revaluation reserve with the exception of impairment losses. Where the investment is disposed off or is determined to be impaired, the cumulative gain or loss previously recognized in the investments revaluation reserve is included in condensed consolidated statement of income.

The fair value of AFS monetary assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the reporting date. The change in fair value attributable to translation differences that result from a change in amortised cost of the asset is recognized in condensed consolidated statement of income, and other changes are recognized in condensed consolidated statement of changes in equity.
