The screenshot shows the NextCare website interface. At the top left, the NextCare logo and tagline are visible. The navigation bar includes links for 'Responsibility' and 'Where to find us'. On the right, there are dropdown menus for 'United Arab Emirates' and 'English', along with a 'MyNEXTCARE Login' button. The main navigation menu contains 'About Us', 'Products & Solutions', 'For Members', 'For Insurers Partners', 'For Healthcare Providers', and 'For Employers'. A blue arrow points to the 'For Healthcare Providers' dropdown menu, which is open, showing options: 'Insurers Partners', 'Healthcare Providers Partners', 'TATSH', and 'Information Center'. The background features a large image of golden, dome-shaped structures with a grid pattern. On the right side, there is a search bar with 'Oman' entered, a phone number '+968 24 65...', and a teal box with the text 'Corporate' and 'Group Health Claims Management'.

NEXtCARE offers one of the largest and most comprehensive Healthcare provider networks offering clients extensive direct billing across the MENA region and various international locations. With more than 4 million members under management, NEXtCARE leverages its unique negotiating position to establish highly competitive rates which results in significant cost reductions for medical services. NEXtCARE deploys Insurance Procurement to administer a wide network of quality healthcare providers at optimal cost. Insurance Procurement reinforces efficiency and cost optimization through ongoing governance of the contractual relationship and negotiation with healthcare providers further utilizing real-time dashboards, scorecards and close monitoring.

- Largest regional network with credentialed and contracted provider facilities in various countries including major hospitals, physician offices, clinics, diagnostic centres, laboratories, radiology facilities, pharmacies, physiotherapy centres, dental centres, optical facilities and alternative medicine
- State of the art Managed Care Services
- The Latest technologies through transparent insurance management solutions that include the proprietary system TATSH, the provider portal PULSE, the Beneficiary Portal MyNEXtCARE and the NEXtCARE Mobile APP
- Regulatory Compliance
